VISTAMURAD Whitepaper

Introduction:

VISTAMURAD is a meme token designed for fun, community engagement, and viral potential. Inspired by the spirit of internet culture, VISTAMURAD aims to bring people together through laughter, memes, and shared experiences on the blockchain. While the token is fundamentally entertainment-driven, it also serves as a gateway to the vibrant Ethervista ecosystem.

Purpose & Vision:

The primary goal of VISTAMURAD is to foster a community where fun and creativity thrive. Every transaction supports the growth of Ethervista by converting all collected fees directly into marketing efforts, ensuring the project remains visible and engaging for both new and existing holders.

Token Details:

Name: VISTAMURAD

Transaction Fees
VISTAMURAD features ultra-low transaction fees, averaging around 2% per transaction. All fees collected are transparently and automatically converted to marketing funds, which are used exclusively to promote Ethervista and expand the community.

Tokenomics:

Community: 70% of the total supply is allocated to the community via fair launch.
Liquidity: 30% is reserved for liquidity pools to ensure stable and efficient trading.
Team: In our revolutionary approach to tokenomics, absolutely nothing is allocated to the team, to ensure ongoing commitment and development. This deliberate decision creates several significant advantages for our community: Enhanced Trust and Transparency, True Market-Driven Valuation, Long-Term Commitment Mechanism, Community Empowerment, Sustainable Development Funding. We are open Source.
Utility
VISTAMURAD is primarily a meme token, designed for entertainment and fostering a strong, positive community. Future plans may include community-driven initiatives, NFT integrations, and exclusive events for holders.

Marketing & Use of Funds:

100% of the transaction fees collected are converted into marketing for Ethervista. These funds are used for social media campaigns, influencer partnerships, community contests, and other promotional activities to maximize reach and adoption.

Roadmap:
1 - Launch: Fair launch to community members.
2 - Liquidity: Establishment of liquidity pools on DEX Ethervista by Etherfun.
3 - Community Building: Social media campaigns, meme competitions, and community events.
4 - Marketing Expansion: Use of all transaction fees for aggressive marketing and partnerships.
5 - Utility Expansion: Exploration of NFTs, and additional use cases driven by community feedback.
